

**RICREA LA FAMOSA SCENA CON I MATTONCINI LEGO®**

**CASPER GLAHDER:** LEGO® GRAPHIC DESIGNER  
**ATTICUS TSAI MCCARTHY:** LEGO® DESIGNER  
**WOON TZE CHEE:** LEGO® SENIOR DESIGNER

## **"QUANTO MI SECCA AVERE SEMPRE RAGIONE"**

**LE POMPOSE PREVISIONI DEL DR. IAN MALCOLM SI AVVERANO QUANDO IL T. REX SCAPPA DAL SUO RECINTO.**

"Adoro *Jurassic Park*! Per me, è il blockbuster per eccellenza e questo modello è stato la scusa perfetta per rivederlo almeno cinque volte... il tutto nel nome della ricerca, naturalmente! Sono particolarmente orgoglioso della forma della testa del T. rex e dell'uso del parabrezza dei set LEGO® Speed Champions come tettuccio della Ford Explorer. Ma, più specificamente, c'è una piastra verde che ho posizionato all'interno del T. rex come riferimento alla composizione genetica di tutti i dinosauri di Jurassic Park. È un dettaglio semplice, ma mi piace che ci sia".

ATTICUS TSAI MCCARTHY: LEGO® DESIGNER

## **"NON SI MUOVA".**

**IL DR. ALAN GRANT OFFRE UNA SOLUZIONE (UN PO' OTTIMISTA) PER EVITARE DI ESSERE DIVORATI.**

"Questo modello è una collaborazione tra Atticus, un collega LEGO® Designer, e il sottoscritto. Atticus si è concentrato sul veicolo principale e sul T. rex mentre io ho lavorato alla base del display e all'auto capovolta. Siamo entrambi grandi appassionati del film, e quindi sappiamo esattamente cosa significhi questa scena per i fan! Doveva essere perfetta e questo ci ha messo un po' sotto pressione.

Una delle cose più entusiasmanti dell'aver lavorato a questo set è l'enorme numero di famosi dettagli ed elementi che contiene. Dai bicchieri con l'acqua che si increspa a segnalare l'arrivo del T. rex, all'esasperante torcia (spegnila!), lo pneumatico scoppiato, la catena della (sfortunata) capra... senza parlare della magnifica creatura preistorica! Succedono così tante cose e la sfida è stata davvero impegnativa perché abbiamo dovuto mantenere tutto nelle corrette dimensioni e proporzioni in relazione alle minifigure. Troppi dettagli e le proporzioni diventano insostenibili. Se gli oggetti sono troppo piccoli, si perde la necessaria complessità. Alla fine penso che abbiamo trovato il giusto equilibrio: il modello funziona come scena e allo stesso tempo è ricco di riferimenti nostalgici. Speriamo che anche i nostri amici fan di *Jurassic Park* siano della stessa opinione!"

**WOON TZE CHEE: LEGO® SENIOR DESIGNER**

**"RAAAWWKKKK!"**

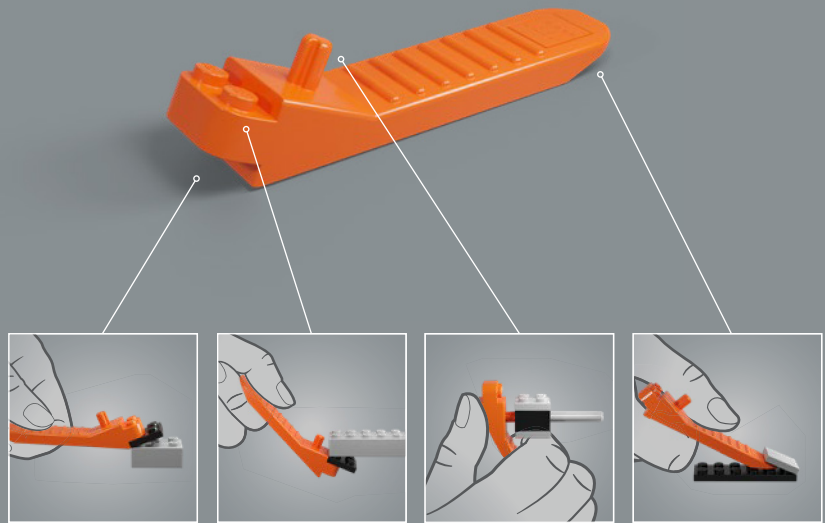

**IL T. REX SI PRESENTA A TIM E LEX MURPHY, TERRORIZZATI!**

"Il mio ruolo è stato dare vita a tutti gli elementi grafici all'interno del set, in particolare tutti i cartelli e gli adesivi. È stato un vero onore poter lavorare alla Ford Explorer, perché è la prima volta che compare in un set LEGO® e so che era molto richiesta dai fan. Volevo che fosse completamente autentica con tutti i piccoli e divertenti dettagli come i lampeggianti e il touchscreen all'interno dell'auto. Sono anche molto soddisfatto degli occhi del T. rex, soprattutto perché sono una parte memorabile (e terrificante) della scena!"

## TECNOLOGIA PREISTORICA

Al giorno d'oggi siamo abituati a telefoni, tablet e computer portatili intelligenti e ultrasottili che ci danno informazioni e intrattenimento in tempo reale. Ma nel 1993, questo lettore CD-ROM interattivo a schermo tattile era tecnologicamente all'avanguardia. Era difficile metterlo in tasca, però...

## "SPEGNETE QUELLA LUCE, SPEGNETE QUELLA LUCE!"

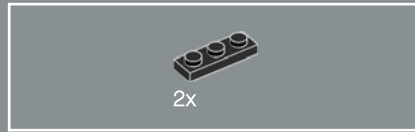

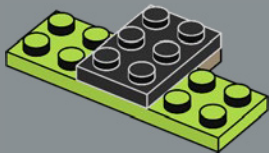

Idealmente, Lex sarebbe dovuta rimanere ferma, attendendo che il T. rex affamato si allontanasse. Ma è molto più divertente agitare freneticamente una potente torcia, no?

## "LO SENTI?"

Come si fa comunicare agli spettatori che il T. rex sta arrivando, *senza dire agli spettatori che il T. rex sta arrivando*? Per fare la storia del cinema bastano solo due bicchieri d'acqua e qualcosa di enorme che li scuota!

## COSTRUITA PER LE ESPLORAZIONI

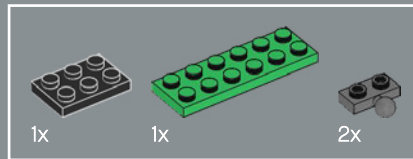

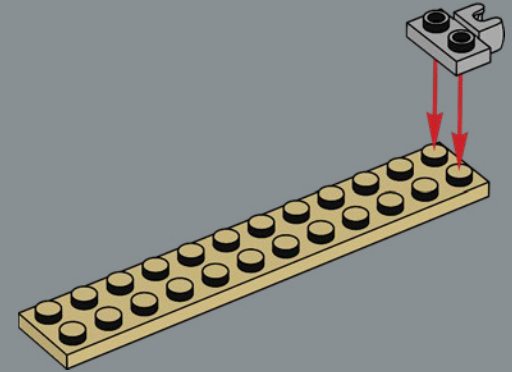

Il tettuccio panoramico. La famosa livrea e le decalcomanie. I cerchi gialli e la robusta griglia. Nel 1993, tutti sognavano di possedere la propria Ford Explorer XLT di *Jurassic Park*. Sfortunatamente, ora ce n'è una in meno...

## IL RE DELLE LUCERTOLE TIRANNE

Nel 1993, il pubblico non aveva mai visto niente di simile, un superpredatore alto 13 metri, incredibilmente realistico. Realizzato grazie a una animatronica rivoluzionaria e qualche tocco di CGI, il risultato è una creazione che ha resistito alla prova del tempo.

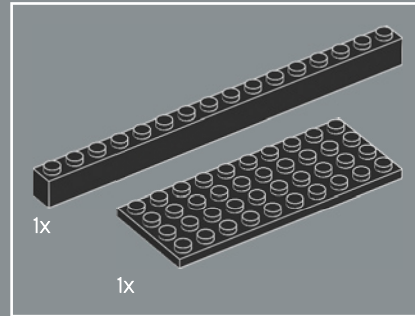

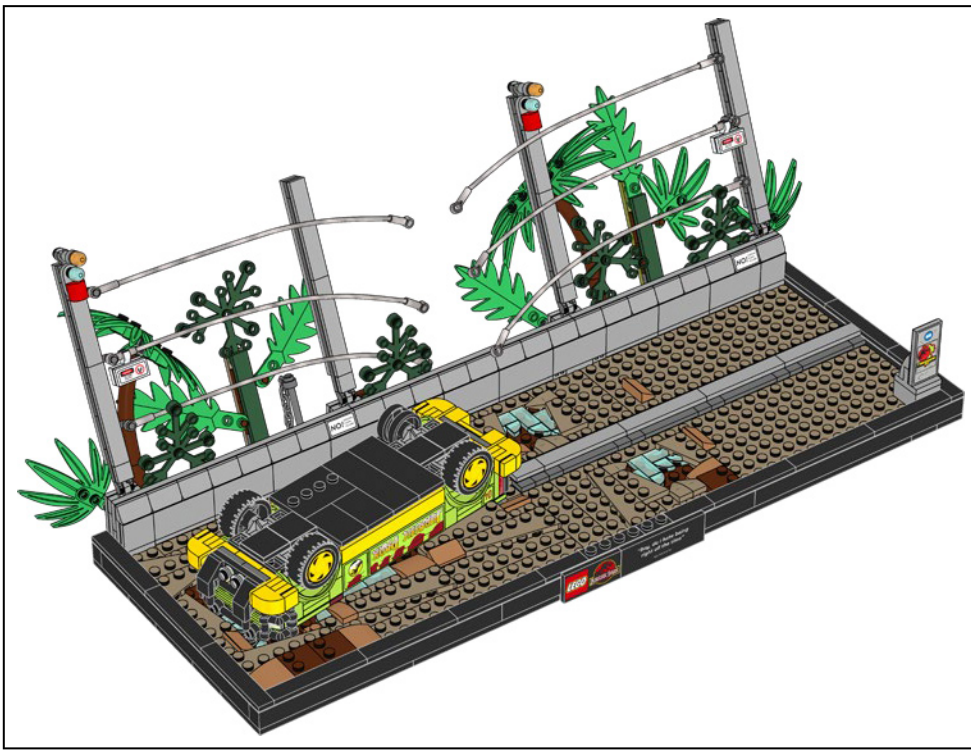

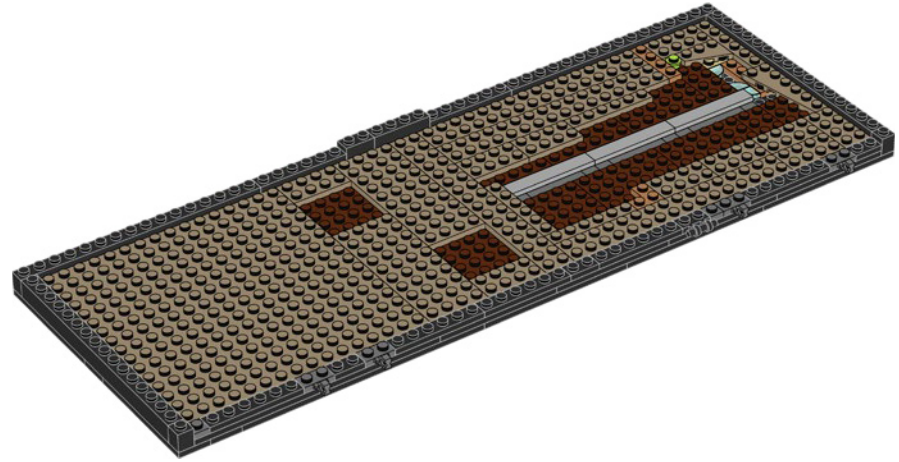

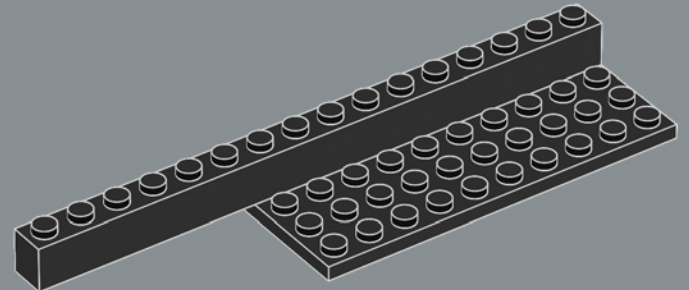

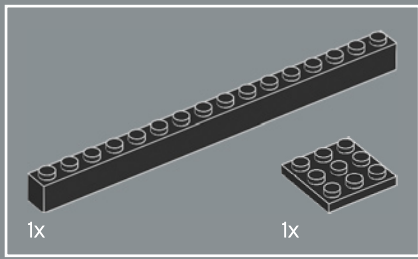

## PRENDI, REXY!

Con Lex e Tim intrappolati sotto l'auto ribaltata, il Dr. Grant salva la situazione grazie alla sua prontezza di riflessi. Accende un razzo e lo lancia verso il recinto, distraendo il T. rex e dando ai bambini la possibilità di scappare.

## DOV'È LA MIA RUOTA?

Sembra che manchi una ruota? Non siamo stati noi... prenditela con il T. rex che l'ha scambiata per un prelibato bocconcino...

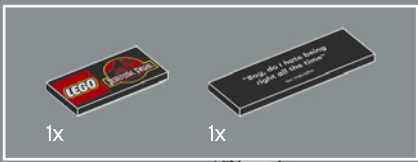

## A TESTA IN GIÙ...

Proprio quando pensavi che le cose non potessero peggiorare, un T. rex ribalta la tua Ford Explorer e la fa affondare nel fango. Ci vorrà un miracolo (o un uomo coraggioso con un razzo) per salvarti...

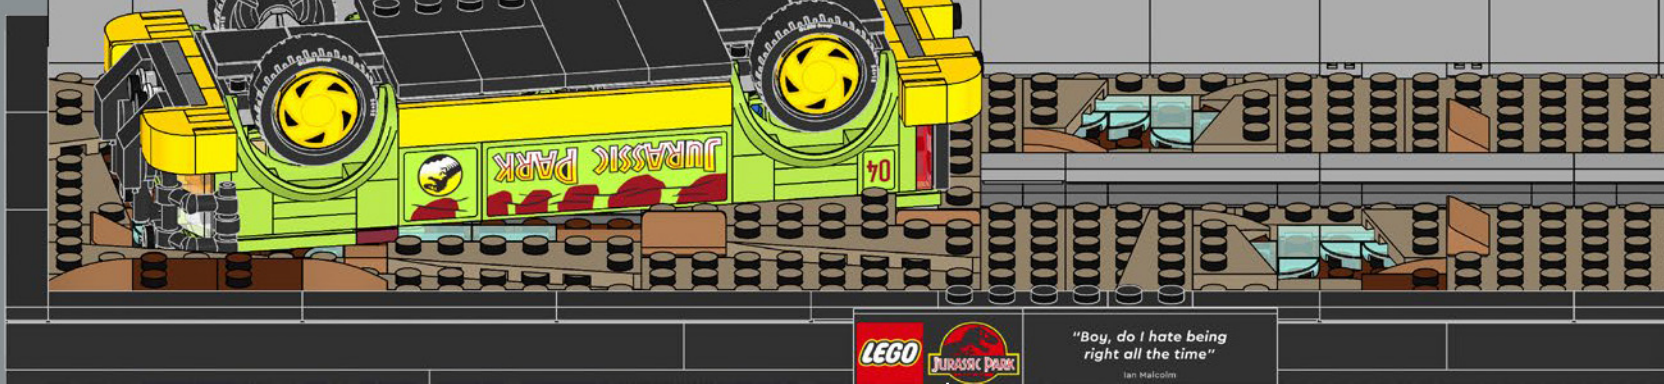

1x

1x

## SARCASMO

Ogni volta che c'è un problema serio (la maggior parte delle volte!), possiamo sempre contare sui commenti sarcastici di Dr. Ian Malcolm. Avendo messo in guardia il proprietario del parco John Hammond sui pericoli di tenere i dinosauri in cattività, pronuncia la famosa frase sopra quando il T. rex attraversa la barriera, lasciando la sua prigionie...
